

Progress Report for Part IX.C Pathogen Impaired Watershed Improvement Strategy Areas

PERMIT #

Waterbody Name

MS4 Name

Reporting Period Ending (mm/dd/yyyy) / /

Reaffirmation for No Discharge

- The Municipal Separate Storm Sewer System as defined in 40 CFR 122.26(b)(8) and (16) including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains that the owns or operates does not have any outfalls that discharge directly or indirectly through another MS4, into the

Watershed Status

Please describe what your stormwater management program is doing to address the source of pathogens to the impaired waterbody

If you suspect the sources of pathogens that contribute a load to this watershed through the MS4 are something other than the sources listed in the TMDL, please state what you believe to be the suspected sources and how they were determined.

Public Education & Outreach of Pathogens as the Pollutant of Concern

1. Description of the education program.

2. Who are the target audiences and what is the message delivered to each target audience?

3. How are behavior changes being measured?

Permit #

4. What are the education plans and goals for the next 6 months?

Illicit Discharge Detection and Elimination

5. What has been done to actively look in these watersheds for Illicit discharges? Describe procedures and staff that are involved in this reconnaissance.

Answer Either 6a. or 6b.

6a. No Illicit Discharges were discovered during this reporting period
Explain how the determination for No Illicit Discharges was made

6b. Illicit Discharges were discovered during this reporting period
What has the municipality determined from the illicit discharges that have been found?

Complete Either 7a. (Map) or 7b. (Written Response)

7a. Attach a map showing where IDDE outfall inspections have occurred this reporting period, which outfalls have illicit discharges, and if the discharge has been removed, where the illicit connection is in the system and how it is entering the system (i.e. Direct connection to the MS4, overland connection, structural failure of the MS4 piping network)

7b. Give the number of inspections performed during this reporting period. # Inspections
(Provide municipal identification #s for all outfalls inspected)

State which outfalls have illicit discharges and whether or not the illicit discharge has been removed. Also describe where the illicit discharge is in the system and how it is entering the system (i.e. Direct connection to the MS4, overland connection, structural failure of the MS4 piping network)

Permit #

Post Construction Stormwater Management

8. Number of Post Construction Stormwater Management Practices (SMPs) that discharge to an MS4 that drains to the listed waterbody # SMPs

- As part of the RFI sent by the Department in August 2016, the information in #8 has already been submitted
 - a. Describe the municipality's policy on post construction stormwater management

9. Describe the Post-Construction Stormwater Management plan and goals for the next 6 months

Municipal Operations Pollution Prevention/Good Housekeeping

- Non-Traditional MS4 (skip Question 10)

10a. Is pet waste an issue in the MS4 areas? If pet waste is not an issue please describe, in the box below, the reasoning behind this viewpoint.

10b. If pet waste is a problem, where has it been found to be a problem? Are there any areas where pets are known to frequent (such as parks, road ends, boat launches, marinas, trails). Are there any indications that pet waste is being disposed of improperly (ie. dumped into a catch basin)?

10c. What strategies are in place to manage the proper disposal of pet waste? What strategies are planned to improve pet waste disposal practices in areas identified in need of improvement?

PERMIT #

10d. What measurable indicators are being used to help determine the effectiveness of these strategies?

11a. Is the goose population an issue in the MS4 areas? If the goose population is not an issue please describe, in the box below, the reasoning behind this viewpoint.

11b. If the geese are a problem, where has it been found to be a problem? Provide a description of the location or a map showing the areas of high population density of geese.

11c. What strategies are in place to manage the population of geese on municipal properties?

11d. What measurable indicators are being used to help determine the effectiveness of these strategies?

MS4 Semi Annual Report Form Certification

Semi Annual Report form for period ending (MMDDYYYY)

Name of MS4

SPDES ID

Certification Statement - MS4 Official (Principal Executive Officer or Ranking Elected Official) or a Duly Authorized Representative of the MS4 Official

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing of violations."

This form must be signed by either a principal executive officer or ranking elected official, or duly authorized representative of that person as described in GP-0-15-003 Part VI.J.
